The EK-600LU and EK-600LUL, these new projectors are our latest LCD projector with laser light source in EIKI's Large venue projector product line.

The EK-600LU and 600LUL realize both quiet operation and high brightness by newly developed cooling system for optical engine.

The cooling system that is a sealed box that protects optical engine from dusts and filter-less design, provides higher cooling performance and lower fan noise.

In addition, this model offers the excellent projection image by the combination of 3LCD and Laser light source.

Moreover, it also provides variety of installation capability that is supported by friendly keystone adjustment enables to install at various places such as conference rooms, house of worships, museums and so on.
